

## **Full Symposia**

*Rats at risk? Identifying traits associated with addiction*

Marilyn E. Carroll, Chair and Jonathan C. Gewirtz, Co-Chair

*Exercise as a treatment for drug dependence in humans*

Richard De La Garza, II, Chair and Dace Svikis, Co-Chair

*Mechanisms involved in effects of abused drugs on HIV and the immune system*

Toby K. Eisenstein, Chair and Madhavan Nair, Co-Chair

*Do we under-treat the most prevalent form of substance abuse among pregnant women?*

Stephen T. Higgins, Chair and Jack Henningfield, Co-Chair

*Deaths during and after opioid treatment: Results from studies in the U.S., the U.K., the E.U., and Australia*

Petra Jacobs, Chair and Walter Ling, Co-Chair

*From bench to bedside: Can neurobiological findings be used to improve treatment outcomes in marijuana-using youth?*

Krista M. Lisdahl, Chair and Alan J. Budney, Co-Chair

*Recent advances in medications development for the treatment of substance use disorders*

David McCann, Chair and Jane Acri, Co-Chair

*Abuse of buprenorphine and buprenorphine and naloxone: The emerging epidemic and what you can do about it*

John Mendelson, Chair and Marc Auriacombe, Co-Chair

*Sleep disturbance in abstinence: Unifying themes and treatment implications for alcohol, cannabis, cocaine and opiate dependence*

Peter Morgan, Chair and Kirk Brower, Co-Chair

*Extending the data on XR-NTX in opioid dependence: Infectious disease, health professionals, justice systems and cost*

Edward V. Nunes, Chair and Joshua D. Lee, Co-Chair

*A stimulating soak in "Bath Salts": Investigating cathinone derivative drugs*

Michael A. Taffe, Chair and Annette E. Fleckenstein, Co-Chair

## **Mini Symposia**

*The next step in neuroimaging research into executive functioning in substance dependence: Underlying mechanisms and clinical implications*

I.H.A. Franken, Chair and Murat Yucel, Co-Chair

*Drug effects in the developing adolescent brain*

Bertha K. Madras, Chair and Yasmin L. Hurd, Co-Chair

*Culturally tailored treatments for racial/ethnic minority substance users*

Carmen L. Masson, Chair and Kathy Burlew, Co-Chair

*Novel methods for assessing the prevalence of drug use and drug related harms in large populations and large-scale responses*

Alison Ritter, Chair and Jason White, Co-Chair

*Is abstinence the only meaningful endpoint? Results from secondary analyses of cocaine treatment studies*

Geetha Subramaniam, Chair and George Woody, Co-Chair

## **Workshop**

*NIDA Medication Development Workshop. Early drug development: Predicting and assessing safety*

Jane B. Acri, Chair

*Epidemiology and public health research methods workshop*

James Anthony, Chair and Silvia S. Martins, Co-Chair

*Non-medical prescription drug use among ED and trauma patients*

Amy S.B. Bohnert, Chair and Lauren Whiteside, Co-Chair

*18th Annual Contingency Management Working Group*

Kelly Dunn, Chair and Kathryn Saulsgiver, Co-Chair

*NIDA International Research Poster Session*

Steven W. Gust, Chair

*Science, the press, and an informed public*

Marc J. Kaufman, Chair and Kathleen T. Brady, Co-Chair

*What's new in NIDA's National Drug Abuse Treatment Clinical Trials Network? Findings and observations from recent trials*

David Liu, Chair and Udi Ghitzza, Co-Chair

*Technology-based interventions for the prevention and treatment of substance use disorders: Development, evaluation and potential public health impact*

Lisa A. Marsch, Chair

*Career development: A perspective from junior and senior researchers*

Gerald McLaughlin, Chair, Scott Chen, Co-Chair, and Minna Liang, Co-Chair

*FDA's center for tobacco products: Overview and research priorities*

Lucinda Miner, Chair and Cathy L. Backinger, Co-Chair

*Mobile health treatment interventions*

Karran A. Phillips, Chair and Brent A. Moore, Co-Chair

*Assessment of abuse deterrent and tamper resistant technologies: From the bench-top to the users*

Kerri A. Schoedel, Chair and Marta Sokolowska, Co-Chair

*What's new at NIDA and NIH: Peer review and other policies that affect applicants*

Mark Swieter, Chair and Teri Levitin, Co-Chair

*Trauma-informed care for adolescents with co-occurring trauma and substance use disorders: Interventions and recent outcomes with diverse adolescents*

Janet C. Titus, Chair and Michael L. Dennis, Co-Chair
