

# South Texas Veterans Health Care System

The South Texas Veterans Health Care System (STVHCS) is recruiting for a board certified or board eligible candidate to work as an Addiction Psychiatrist in our Substance Abuse Treatment Program. STVHCS serves one of the nation's largest primary service areas that is comprised of three divisions, and has an annual operating budget of \$460 million. We are proud of our mission to "Serve those who have served". The Substance Abuse Treatment Program currently has a 26 bed residential program, an Intensive Outpatient Program, Dual Diagnoses treatments, Buprenorphine pharmacotherapy, and Aftercare programs. STVHCS is expanding our services to include a number of exciting initiatives that proactively address veterans' needs, including a Poly-trauma Center, innovative PTSD treatment, Dual Diagnosis programs, and Tele-Mental Health Care. We also plan to expand services and research for both male and female veterans with Substance Use Disorders. We are affiliated with the University of Texas Health Science Center at San Antonio (UTHSCSA). Opportunities abound for career advancement in clinical care, teaching, research, and administration.
